3D SPEED

- Removes Light Scratches
- Buffs Out Spider Webs
- Wipes Out Holograms
- Polishes & Protects

SPEED: 425

3D® SPEED™ is the go to, "ONE-STEP", corrective polish and protecting wax. 3D SPEED will correct most light to moderate paint scratches with a DA or high-speed rotary polisher and your choice of 3D foam pad. 3D SPEED combines Nano compounding, super micro cutting technology to correct most paint finishes. Its durable Montan Wax will create depth in the paint for the ultimate wet-look finish. 3D SPEED works best in the shade but is sun friendly. SPEED can be applied by hand, but a DA or rotary buffer will remove scratches more effectively. Simply add 4 to 5 dime size drops of SPEED on your choice of 3D foam pad and set polisher at 1200-1500 rpm. Work a 2' x 2' area at a time, with a slow to medium back and forth motion, using light to medium pressure. The slower you move the DA or rotary, the more correction will be achieved. Wipe off SPEED with a clean microfiber towel.

3D EZ-SWITCH BACKING PLATE SYSTEM

NEW

3D EZ-Switch Backing Plate System allows you to quickly swap pads without having to remove them from the backing plate which prolongs the life of the pads by avoiding unnecessary stretching.

Back and forth switching between compounds is just a click away. No need for alignment each time.

Perfect system for rotary polishers. Saves time and effort, especially in the body shop business.

Steel locking mechanism ensures a reliable connection between the backing plate, pad and polisher.

Foaming Waterless Car Wash

420

After more than 20 years of perfecting waterless car washing, we developed Foaming Waterless Car Wash to improve on an already revolutionary product.

This product foams to allow dirt and particles to lift off the paint to easily be wiped away.

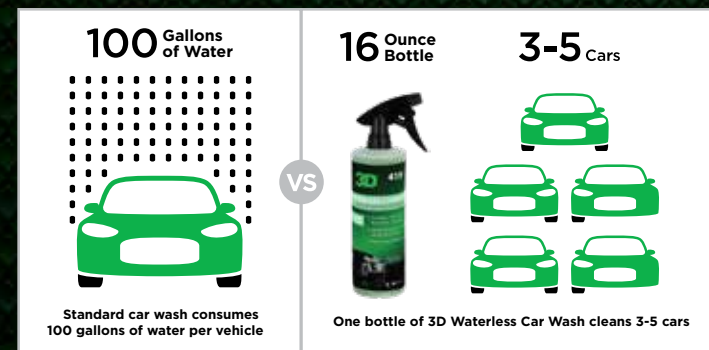

419

- No Hose
- No Bucket
- No Sponge
- No Mess
- Simple spray and wipe process.
- Quick, easy, and effective way to clean your car in less time than a normal wash.
- Great solution for those who can't do a normal wash due to hose access, city restrictions or apartment life.
- Bureau Veritas Certified

3D was the original inventor of the Waterless Car Wash 20 years ago. As a matter of fact 3D is the manufacturer behind many other waterless car wash brands out there. So why settle with anyone when you can buy the best waterless car wash on the internet and available in the market?

When it comes to washing cars, water has always been an indispensable element to do the job. However, using water proved to be wasteful, inefficient, and insensitive to the environment. That is why 3D Products came up with Waterless Car Wash.

Use Less. Do More.

Works exceptionally well on light and dark color paints.

3D Poxy™ es un sellador con nano polímeros que contiene cera, diseñado para unirse a la superficie de pintura y dar protección y brillo duradero. Este producto contiene cera "Montan Wax", que se derrite a altos niveles de temperatura permitiendo más resistencia al calor, mantiene el color de la pintura y brillo original. Trabaja excepcionalmente en todo tipo de pintura incluyendo colores oscuros y negro.

EXPRESS WAX: 401 VOC

3D Express Wax™ is a one step liquid wax that can be used on conventional or clear coat paints. Will quickly hide minor spider webs and swirl marks. It will give a fast, instant upgraded look to your vehicle. It has low powder residue and will not streak on black cars. Can be used under the sun and on semi-wet automobiles. These properties makes 3D Express Wax™ a highly versatile, fast product.

Esta cera líquida puede ser utilizada en pinturas convencionales o barnizadas, inmediatamente cubriera marcas superficiales, dándole un brillo intenso al vehículo, no deja residuo o marcas, incluso en pinturas oscuras o negras, puede ser aplicada debajo del sol o superficies húmedas, (antes del secado) Estas características hacen que "3D Express Wax" sea un producto muy versatil y facil de usar.

CHERRY WAX: 906 VOC

3D Cherry Wax™ will give the ultimate "wet look" and a deep gloss on all paints while helping to protect the paint surface from fall-out, UV damage and sunlight. Also, highly recommended for RV's, boats and dark cars.

3D Cherry Wax™ Proporcionara brillo y apariencia de superficie mojada, dándole al vehículo un brillo intenso sobre toda la superficie pintada, otorgando protección a la misma. Altamente recomendada para vehículos de pintura oscura.

Waxes

CARNAUBA WAX: 908 VOC

3D Carnauba Wax™ is a pre-softened wax which brings out the wet look on any painted surface. Highly recommended for any color paint. 3D uses the finest grade of carnauba which is the hardest and best known wax substance delivered from a special Brazilian tree.

3D Carnauba Wax™ es una cera pre suavizada para el acabado final que realza la apariencia mojada en cualquier superficie de pintura. Altamente recomendada para cualquier color. Es el grado más fino de carnauba, la cera más durable y mejor conocida, derivada de un árbol especial Brasileño.

FINAL TOUCH: 403 VOC

3D Final Touch™ is a quick and easy way to remove fingerprints, dust and buffer smears for a showroom shine. Works great on paint, glass, and chrome. Spray on cars that are not heavily soiled and wipe off with a soft, clean, dry microfiber towel to achieve an instant, deep gloss. Maintains and protects the previous wax. Can also used as an excellent lubricant for Clay Bars.

Forma rápida y fácil de usar, remueve huellas dactilares y marcas de residuos de cera, dando un brillo intenso. Trabaja muy bien en pinturas, vidrios, y cromo. Usar en superficies no muy sucias, rociar y luego remover con toalla limpia y seca, mantiene y protege encerados previos. Excelente lubricante para barras de plastiina.

Goodbye 55 Gallon Drums!

- Saves Space & Freight
- Easy Handling
- Less Mess & Spills
- Reduces Carbon Footprint

Introducing The New Nano Drum®

3D has innovated homogeneous SUPER-ULTRA-CONCENTRATE car wash liquids packed into 6-gallon pails that give the same yield as a 55-gallon drum. We have MICRO-HOMOGENIZED the ingredients to create a low viscosity, car wash product that does not separate. This allows the user to draw directly from the pail. We have now transformed large, bulky 55-gallon concentrated products into our new, 6-gallon NANO DRUMS without sacrificing quality or performance.
